DISCOVER AND EXPERIENCE THE STORE.  
Häfele impresses its retail customers with comprehensive experience and a wide variety of products. Experience the impressive interaction of the Dialock electronic access control system and the Loox LED light product range, which are both skilfully combined with room lighting and acoustic solutions from Nimbus. Furniture handles, pull outs and construction fittings round off the store offer of the international hardware specialist from the Black Forest.

# STYLISH AND SECURE.

## 360 ° COMPREHENSIVE STORE SOLUTIONS BY HÄFELE.

Häfele's globally present project specialists are solution-oriented partners for architects, shopfitters, and operators. From planning, tendering and implementation to operation, they assist you in all project phases. They fulfil the individual requirements of each project thanks to professional consultation and a comprehensive service offering. For example, the most complex of security and authorisation concepts can be realised by simply drawing up a locking map. And because of the digital start-up via smartphone we guarantee that everything will run smoothly – even if there are changes during operation.

# INTO THE FUTURE WITH INNOVATIVE STORE CONCEPTS.

## CHALLENGES

Atmosphere, orientation, organisation, functionality, networking, and security are the key topics. With its **360° comprehensive store solutions**, Häfele offers a large product range and manufacturer-independent consulting for the best solution in your retail project.

## SOLUTIONS

That includes **LOOX LED lights** in furnitures and fittings as an effective addition to the store light. Areas are divided into zones and products highlighted. Or the sophisticated **Nimbus Lighting Pad**, unifying light and sound solutions in an elegant design language.

With the **Dialock electronic access control system** from Häfele you are fit for the future and flexible thanks to state-of-the-art BLE technology. The system is simply configured using a smartphone. Due to the combination of door and furniture locking systems you get both from the same source.

An extensive selection of **handles** and **furniture knobs** opens up new freedom for design for your individual concepts. Available in different shapes with different finishes and functionality.

Plan and realise everything with Häfele as your partner – from access control systems, fittings, and lighting to accessories. With globally extraordinary logistics and regional contacts in the area.
